Space Explorers. The Space Explorers program is a way for kids to explore physics in fun, self-contained, and hands-on modules. Pairs of volunteers visit local classrooms around 5 times over the course of a school year, giving primary school kids a chance to get to know a physicist, while doing educational activities. James Trefil is the Clarence J. Robinson Professor of Physics at George Mason University. He has made contributions to research in elementary particle physics, fluid mechanics, medical physics (including cancer research), and the earth sciences and has written Reviews:

Physics Matters is a textbook for an introductory physics course for non-science majors. Written by authors who have vast experience in communicating science to general audiences, Physics Matters conveys the principles of physics in a manner that is understandable to non-majors. To ask other readers questions about GCE 'O' Level Physics Matters, please sign up.4/5.
