St. Simons Island, Sea Island, Jekyll Island, Little St. Simons Island and the mainland city of Brunswick. Pristine stretches of marshland, punctuated by small islands known as hammocks, define the breathtaking landscape and create the appearance of a continuous stretch of land reaching out to the barrier islands. The Golden Island - Kindle edition by John Funke. Download it once and read it on your Kindle device, PC, phones or tablets. Use features like bookmarks, note taking and highlighting while reading The Golden go-nayked.coms:

The Golden Isles of Georgia are a group of four barrier islands and the mainland port city of Brunswick on the mile-long coast of the U.S. state of Georgia on the Atlantic Ocean. They include St. Simons Island, Sea Island, Jekyll Island, Little St. Simons Island, and Historic Brunswick. The Golden Island, even though it takes place several hundred years ago, contains some interesting parallels to modern society. Power corrupted back then and it continues to do so today. Funkes book is a thought provoking look at religious beliefs and bias and how those elements of human nature affect society as a whole/5(11).
